

SUGGESTED SCHOOL SUPPLIES FOR ALL STUDENTS...

Required items for all students:

1. Pens/pencils
2. Loose leaf paper for math
4. 3x5 or 4x6 index cards
4. Ear buds or headphones for laptop
5. One expanding (accordion) organizer with a minimum of 5 pockets for the occasional paper hand-outs.

A book bag for school will still be useful. These bags should fit into lockers. Please note that you will not be allowed to carry book bags from class to class.

You will have a laptop carrying case to travel around with during the day. You must keep your laptop in its protective case. This case will have a pocket to hold pencils, earbuds and other small items.

A calculator for math may still come in handy, since it may only be used a moment here or there. The laptops will have calculators loaded on them as well. Please DO NOT purchase a new calculator.

Upper level math students might need a calculator, your teacher will tell you about that when you begin the math course you have chosen.

Freshmen: we suggest you bring the calculator you used in 8th grade to school.

Each freshman is asked to donate a new WHITE bath towel to the PE department. This will be asked only once during your high school years. We launder towels after PE/athletics so the kids need not drag wet towels home. Towels can be brought to the school office at any time - just mark your name off the freshman roster on the counter. We will bleach towels in an effort to reduce the spread of infectious diseases.

Please talk to Mr. Byma about course selection. He can be reached by email at: jbyma@unitychristian.net.
